

ACTA 1080 Concentrate

STATEMENT OF HAZARDOUS NATURE

The product is classified as a hazardous substance according to the criteria of the National Occupational Health & Safety Commission (NOHSC).

R23/24/25 Toxic by inhalation, in contact with skin and if swallowed.

The product is classified as dangerous goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (6th Edition).

COMPANY DETAILS

Company: Animal Control Technologies (Australia) Pty Ltd
Address: 46-50 Freight Drive Somerton Vic 3062, Australia
Telephone number: 03 9308 9688
Emergency telephone number: Poisons Information Centre 13 11 26

IDENTIFICATION

Product Name: **ACTA 1080 Concentrate**
Other Names: None
UN Number: None allocated
Dangerous Goods Class and Subsidiary Risk: 6.1
Hazchem code: 2X
Proper Shipping Name: Toxic liquid, organic N.O.S. (3% sodium fluoroacetate)
Packing Group: II
Poisons Schedule Number: 7
Use: For use in preparation of baits.

Physical Description/Properties

Appearance: Dark blue or green liquid.
Boiling Point / Melting Point: 100°C
Vapour Pressure: Not applicable (not volatile on heating)
Specific Gravity: 1.05g/mL
Flashpoint: Not flammable
Flammability Limits: Not flammable
Solubility in Water: 100%

Ingredients

Chemical Name:	CAS Number:	Proportion (w/w):
Sodium monofluoroacetate	62-74-8	3%
Other ingredients not determined to be hazardous		up to 100%

HEALTH HAZARD INFORMATION

Health Effects

Acute:
Swallowed: Poisonous if swallowed.
Eye: Avoid contact with eyes.
Skin: Harmful if absorbed by skin contact.
Inhaled: Harmful if inhaled.
Chronic: None known.

First aid:	Speed in treatment is essential. If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26.
Swallowed:	Give large quantities of water. Seek immediate medical assistance.
Eye:	If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.
Skin:	If skin contact occurs, remove contaminated clothing immediately and wash skin thoroughly with soap and water. Remove from contaminated area.
Inhaled:	Apply artificial respiration if not breathing.
Advice to doctor:	The bait contains approximately 3% sodium monofluoroacetate. It is important to ascertain the route of exposure and the quantity of poison exposed to.

PRECAUTIONS FOR USE

Exposure Standards:	There is no exposure standard allocated.
Engineering Controls:	The product formulation dilutes the concentration of sodium monofluoroacetate.
Personal Protection:	When opening the container and using the product wear cotton overalls buttoned to the neck and wrists, a washable hat and elbow-length rubber gloves.
Personal Hygiene:	After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day's use wash gloves and contaminated clothing.
Flammability:	The product is not flammable.

SAFE HANDLING INFORMATION

Storage and Transport:	Safe storage is the responsibility of all persons who are supplied with this poison. The product must be stored in the closed original labelled container in a dry, cool well-ventilated area out of direct sunlight. Store in a locked room away from children, animals, food, feedstuffs, seed and fertilisers at all times, except when required for use. This product is classified as a dangerous good, Class 6.1 – Toxic substance. Transport only in original container and ensure packaging is secure before handling.
Spills and Disposal:	While wearing rubber gloves, mop-up excess liquid using absorbent sponge or towel. Triple rinse and bury rinsate and empty containers in a local authority landfill. If no landfill is available, bury the containers below 0.5 m in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers should not be burnt. Do NOT re-use containers for any other purpose.
Fire/Explosion Hazards:	The product is not flammable and will not auto-ignite.

OTHER INFORMATION

Contact for non-emergency information:	Technical Services Manager Animal Control Technologies (03) 9308 9688 or the Pest Control Coordinator of the responsible government agency in each State
